

UNICON FIBRO CHEMICALS PVT. LTD.

~ Established 1987 ~

Company Profile

About Us:

A Private Limited Company founded in 1987 by 2 Chemical Engineers from L.I.T. (Nagpur University); Late Shri Uday Chandrashekhar Pradhan & Shri Milind Sapre. The primary activity involved manufacturing of Anti-Static Coning Oil, Knitting Oil & Spindle Oils.

Today; Unicon Fibro Chemicals Private Limited is a 2nd generation family managed business having a diversified portfolio ranging from Textile Oils such as Anti-Static Coning Oil & Knitting Oil to High Performance Methyl Esters such as Methyl Soyate, Methyl Oleate, Methyl Laurate, C8-10, C12-14, Esters of Linseed, Castor, High Oleic, Biodiesel B100 & other customized esters. Additionally; the Company also manufactures a select range of Tackifiers (Adhesives), Phosphate Esters as well as Dispersants for the Agro Chemical & Coatings Industry.

The Company has **2 Manufacturing Units**; each with a 100 TPD Capacity located at.

1. Silvassa, U.T. of Dadra & Nagar Haveli
2. MIDC Mahad, Maharashtra

Mission Statement:

Our Mission is to provide consistency in quality of all our Products so that our Customers finished goods meet or even exceed Industry Standards. This is done in a cost-effective manner by responsibly sourcing raw material at the best price along with continuous product innovation at our level; keeping costs under control. Such a scenario mutually benefits both – our customers & us.

Vision:

UFCPL is committed to providing the best quality of formulated oils to Industries in India & the world through its innovative product development by sourcing raw material responsibly & conducting operations through an ecologically sensitive, sustainable and cost conscious approach.

PRODUCT CATEGORIES:

1. Textile Oils
 - a. Anti-Static Coning Oil
 - b. Knitting Oil
2. Methyl Esters
 - a. Methyl Oleate
 - b. Methyl Soyate
 - c. Methyl Laurate
 - d. Coconut Methyl Ester
 - e. Castor based Esters
 - f. Linseed Esters
 - g. High Oleic Esters
3. Biodiesel B100 from Non-Edible Oils
Crude Glycerin & Refined Glycerin
4. Polymer based Tackifiers
5. Emulsifier Packages for Soluble & Semi-Synthetic Systems
6. Phosphate Esters
7. Bio-Lubricants
8. Oil Dispersants for Agro Chemical Formulations
9. Esters for EC (Emulsifiable Concentrates)
10. Esters for Stabilizer formulation used in PVC Applications
11. Comprehensive CDMO services for High Value Esters & any formulation based products

Note: All of the above grades of our Anti-Static Coning Oil are REACH OEKO TEX certified.

Certifications:

- ✓ Our Textile Oil products are **REACH OEKO-TEX ECO PASSPORT** Certified.
- ✓ We are an **ISO: 9001 2015** certified as per IAS accredited Standards.

Why Choose UNICON as your partner for growth?

- ✓ Proven track record of delivering Quality Products; Established since 1987
- ✓ Technically qualified team to provide responsibly sourced products
- ✓ Strong R&D capability for sustained product innovation
- ✓ In-House Laboratory with all necessary instruments for QC & QA

CDMO Services:

UNICON can provide comprehensive manufacturing services of high value ESTERS that find applications in industries such as Personal Care & Hygiene, Agrochemicals, Coatings & Bio Lubricants.
